

Is your data AI-ready?

Answer each question honestly — yes or no — for your organization as it is today. It takes about five minutes, and the pattern of your answers points to your next step.

WHERE YOUR DATA LIVES

- 01

Can you list every system where company documents live?

☐ Yes ☐ No
- 02

Could you find every version of an important contract in under five minutes?

☐ Yes ☐ No
- 03

Is there one person whose departure would erase critical knowledge?

☐ Yes ☐ No

ACCESS & SENSITIVITY

- 04

Do your documents have defined access rights — who may see what?

☐ Yes ☐ No
- 05

Do you know which of your data is too sensitive for a public cloud?

☐ Yes ☐ No

WORK & QUALITY

- 06

Is there a report someone assembles by hand every week?

☐ Yes ☐ No
- 07

Does anyone own data quality for your key systems?

☐ Yes ☐ No

PEOPLE & TOOLS

- 08

Has your team ever verified an AI answer against a source document?

☐ Yes ☐ No
- 09

Were more than half of your AI licenses actually used last month?

☐ Yes ☐ No
- 10

Does your team know what current AI tools can and can't do?

☐ Yes ☐ No

READING YOUR ANSWERS

- Mostly yes

You're ready to build — talk to us about what.
- A mix of yes and no

Prepare the data first — it's the highest-leverage step.
- Mostly no

Start with discovery — a 45-minute conversation will save you months.
